

23/7/13

To whom it may concern

In my capacity as Facility Manager for Foxtel I have been involved with Tempest for over ten years; the relationship is one of our longest standing and continues.

Tempest has always served Foxtel requirements as a priority and their business is one we heavily rely upon for our own. Being a broadcast facility run 24/7 it is imperative our staff and equipment are well looked after.

Over the years there has been occasion to arrange urgent call outs after hours and at times additional cooling units with little or no notice.

We enjoy a regular team from Tempest which is significant given the scope of our mechanical plant.

I have no hesitation in recommending Tempest and vouching for their professionalism.

Yours sincerely

Ben Nicholls  
Facility Manager
